Brand Identity Guidelines
Version 1.0 — 2025

01

Brand Essence

“Zayara” (زايارة) means ‘a visit’ in Arabic.

An invitation to journey between Morocco's ancient botanical heritage and the frontier of modern dermatology.

Zayara was founded on a simple truth: the most effective skincare ingredients have existed for centuries in the souks and mountains of Morocco. Argan oil, rose hip, prickly pear, Atlas cedar — these are not trends. They are generational secrets.

We honour that heritage by pairing it with the best of contemporary skin science: clinically-proven actives at proven concentrations, formulated by dermatologists and verified by independent clinical trials.

HERITAGE	SCIENCE	LUXURY
Rooted in centuries of Moroccan botanical wisdom and ritual	Clinically-validated actives at dermatologist-approved concentrations	An elevated sensory and brand experience without compromise

Tone of Voice	
WE ARE	WE ARE NOT
Poetic yet precise	Vague or romantic without substance
Warmly expert	Coldly clinical or intimidating
Culturally grounded	Exoticising or appropriative
Understated luxury	Loud or discount-driven

Logo System

Clearspace & Minimum Size

- Always maintain clearspace equal to the cap-height of 'Z' on all four sides.
- Digital minimum: 120px wide (full lockup) / 32px (mark only).
- Print minimum: 28mm wide (full lockup) / 8mm (mark only).
- Never stretch, skew, rotate, or recolour the logo outside the approved palette.
- Never apply drop shadows, gradients, or outlines to the wordmark.
- Never place the logo on a low-contrast or photographic background.

03 **Colour Palette**

Primary — wordmark, accents, hero elements

Background — primary dark surface

Background — light surface, secondary

Aktif line accent, supporting tone

Fusion line accent, supporting tone

Text, UI elements, neutral dark

→ **Colour Usage Rules**

Primary palette

Argan Gold + Desert Ink dominate every communication. 60/30/10 rule applies.

Accent colours

Rose Hip and Atlas Sage are reserved for sub-line branding (Aktif / Fusion) and data highlights.

Contrast

All text must achieve minimum 4.5:1 contrast ratio for WCAG AA compliance.

Print

Specify Pantone 7510 C (Argan Gold) and Pantone 412 C (Desert Ink) for offset print.

Digital

Always use hex values above. Do not rely on OS colour management to convert.

4 **Typography**

DISPLAY WORDMARK

Cinzel — Bold

Use for logo wordmark and major display headings. Set in caps with generous tracking (300+).

HEADLINE

Cormorant Garamond — Light / Light Italic

Headlines, pull quotes, editorial layouts. Size 24–48pt. Italic for emphasis.

BODY COPY

Jost — Light 300 / Regular 400

All running text, product descriptions, UI labels. Size 10–14pt.

LABEL / CAPTION

Jost — Medium 500 · Tracked

Product labels, ingredient listings, fine print. All caps, +200 tracking.

→ **Type Hierarchy**

Role	Font	Size	Weight	Case
Hero Display	Cinzel	56–80pt	Bold	ALL CAPS
Headline	Cormorant Garamond	24–40pt	Light	Title
Subheading	Cormorant Italic	16–20pt	Light Italic	Title
Body Text	Jost	10–14pt	300	Sentence
Label	Jost	7–9pt	500	ALL CAPS +tracking
Caption	Jost	7–8pt	300	Sentence

05 Imagery & Photography

→ Imagery Do's & Don'ts

- DO

Use warm, amber-tinged natural light that evokes Morocco.
- DO

Feature real textures: hammered brass, terracotta, linen, raw wood.
- DO

Show the product in use — but with restraint and elegance.
- DO

Prioritise diversity: the Zayara woman is global, not monolithic.
- DON'T

Use stock imagery that feels generic or trend-chasing.
- DON'T

Use cool, blue-toned, highly-filtered photography.
- DON'T

Use before/after medical-style imagery — we are not a clinical brand.
- DON'T

Use crowded, noisy, or cluttered compositions.

06 Copy Examples

Product Name

Argan Radiance Serum / Aktif Vitamin C 15%

Tagline

"Where centuries of ritual meet clinical precision."

Ingredient callout

"Cold-pressed from the Argania groves of Souss-Massa, then stabilised with L-Ascorbic Acid at a dermatologist-approved 15% — Argan meets Vitamin C."

Retail descriptor

"A lightweight serum that bridges Moroccan argan wisdom with clinically-proven brightening actives. Cruelty-free. Dermatologist-tested."
